rv electrical hookups - the wylers on wheels - 120/240v 50 amp rv outlet (preferred) the standard 50 amp rv outlet is 120/240 volts. meaning there are two legs of 120 volts which theoretically equal 240 volts. (120v + 120v = 240v) nothing in the rv runs on 240v. everything is 120v. some appliances and equipment run off one leg of 120v and the rest run on the other leg. this is not standard 240v. the half round pin is the ground, the blade ...
